AIRPORT CHAOS · VADEN SOFTWARE

# Put your brand where players fly and explore.

Managed sponsorship opportunities within an interactive flying game.

Existing Hub · house presentation

DFW airport signage

Love Field signage

## HUB SPOTLIGHT

One exclusive banner beneath the Hub play cards, approved company branding, Sponsor Details and directory inclusion. Proposed first pilot: one web-only, 30-day campaign.

## DALLAS SKYLINE

Explore three technically qualified existing Dallas signs with reviewed static artwork and an available estimated-exposure summary. Separate commercial approval is required after the Hub pilot.

## CITY PARTNER · FUTURE / CUSTOM INQUIRY

Discuss a tailored Hub and city partnership. A five-world-location package is unavailable: only three Dallas signs are currently technically qualified.

**A managed process:** inquiry → business and inventory review → proposal and agreement → creative preview → separate release approval.

## REQUEST SPONSORSHIP

All sponsorships are subject to review, agreement and availability. No campaign is available for immediate purchase. Images show actual game house artwork, not paying sponsors. No audience size, reach, clicks or results are guaranteed. Exposure summaries are internal estimates, not independently audited advertising impressions. Mobile sponsorship availability is not announced.
